

Lance Howard

What does financial well-being look like? At Wealth Teams Alliance, we know everyone's view of financial well-being is truly unique, which is why every strategy we develop meets our client's set of specific needs, objectives, outlooks and long-term goals. Wealth Teams Alliance is a group of experienced fiduciaries helping investors reach their goals with a time-tested process built on six decades of academic research and five Nobel Prizes.

Lance R. Howard, President of Howard Financial, provides a holistic approach to retirement planning. He provides a total financial review to make sure life events have the least possible impact on your future.

Lance offers innovative financial strategies, solutions, and planning that can result in financial clarity, security, and overall financial health. Making strong commitments to clients and building life-long relationships are tenets of Lance's success.

His qualifications enable him to offer solid planning advice while putting to work his diverse knowledge and expertise in the industry.

Lance can be heard hosting "The Asset Protection Hour" Saturdays at 11am on NewsTALK 1180 and 96.1 KERN in the Bakersfield area.

Howard Financial was founded in 1995 and is a full-service financial planning firm.
